

Michelle O'Keane Business Controller

POWERFUL POLYMERS
PAINLESS PROCEDURES
RAPID RESULTS

Michelle began her career in the construction industry, working with her father in the industrial paint sector. After studying accounting in college, she re-joined the industry working for a leading chemical grout manufacturer. She started out as a Customer Service Representative and worked her way up to the Operations Manager position.

During those years Michelle developed a first-rate customer service department, learned how to manufacture high quality chemical grout, maintained inventory control and handled the finances. In 2013 she started operations for Resiplast US as the Business Administration Manager, introducing the Spetec polyurethane injection line to the United States.

In March of 2017, Resiplast US merged with Alchemy Polymers, and Michelle joined Alchemy-Spetec - bringing 30 plus years of industry knowledge and experience to the company. Michelle's hard-earned expertise is a valuable asset to all Alchemy-Spetec customers.

About Alchemy-Spetec

The Leak Seal Division

The Alchemy-Spetec Leak Seal Product Line combines a full-system offering of polymer chemical grouts and equipment with perhaps the most experienced technical team in the industry. For any concrete leak seal application, lean on the Alchemy-Spetec team for phone, field, or engineering support. Our growing network of Regional Managers, Independent Representation, and Nationwide Distribution offers industry professionals many levels of opportunity worth discussing with our team. Consultants at Alchemy-Spetec pride themselves on rapid, powerful, and painless scheduling of field and technical support. We invite you to inquire about our bi-annual factory training held at the Tucker, GA-based manufacturing facility where they can learn from the 20+ year average industry experience of our Regional Management and Technical Team.

The Geotech Division

The Alchemy-Spetec Geotech Product Line offers industry-leading quality, full chemical grout lifting rig training and support, and unmatched contractor support in the field and with sales and marketing. Contact us today to learn about the tangible benefits of joining the Alchemy-Spetec network of geotech contractors. The Alchemy-Spetec MixMaster Pro Gun is a maintenance and production cost-saver for any lifting contractor, while the flagship lifting foams have helped many contractors reduce volume usage while eliminating call-backs. From the Polybadger machine that fits into a pickup truck, to custom boxtruck and trailer rig buildouts, Alchemy-Spetec is widely considered the premier geotechnical chemical grout & equipment supplier. With the additions of ground penetrating radar and penetrometer equipment and support, Alchemy-Spetec is truly on the cutting-edge of the chemical grouting industry.
